

## Private Residence

Marlborough, UK

### Contemporary calm

Energy efficient and compact VLUX LED downlights and adjustable G4 LED spotlights provided comfort throughout the creatively extended and refurbished residence located in Marlborough Wiltshire. Custom G4 pendant LED luminaires with real oak casings provided nature inspired accents above the kitchen counter, while G4CA slimline luminaires that only requires a 25mm recess for mounting, were used where void spaces were limited.

Design 360s professional lighting design service and energy efficient luminaires perfectly aligned with the owner's environmental values while ensuring the highest quality illumination.

Contemporary comfort
